

Battery Status

Charching... (100%) Remaining: Infinity

Online Status

Online

Keyboard

Tab

Sample code

```
function init() {  
  if(navigator.onLine)  
    document.getElementById("o_status").innerHTML =  
    'Online'  
  else  
    document.getElementById("o_status").innerHTML =  
    'Offline'  
  
  window.addEventListener("keydown", event => {  
    if (!pressedKeys.includes(event.key))  
      pressedKeys.push (event.key);  
  });  
}
```

The screenshot shows a web browser's developer console with the 'Console' tab selected. The console displays a series of log messages, each preceded by a blue 'i' icon. The messages are as follows:

- `Array(1)`
 - `0: "h"`
 - `length: 1`
 - `[[Prototype]]: Array(0)`
- `Array(1)`
 - `0: "g"`
 - `length: 1`
 - `[[Prototype]]: Array(0)`
- `Array(0)`
 - `length: 0`
 - `[[Prototype]]: Array(0)`
- `['Tab']`
 - `0: "Tab"`
 - `length: 1`
 - `[[Prototype]]: Array(0)`

Each log message is followed by a link to the source file, `CW10.1`. The console interface includes a search bar, a filter dropdown, and a 'No Issues' button.
